

EndoTie®

Endotracheal
Tube Holder

#790

Features and Benefits

- Slide Rail allows for movement and rotation of the tube to prevent sores and skin breakdown
- Larger strap release Tab allows for easier and quicker tube disengagement
- Medical grade adhesive tape
- Cushioned foam pad relieves pressure and will NOT absorb water or adhere to hair
- Soft foam cushion padding protects the teeth, lips and skin
- Soft adjustable neckband
- Accommodates multiple-size ET tubes
- Less packaging waste
